WHEN ACCOUNTABILITY & EFFICIENCY MATTER

MANAGE TIME & ATTENDANCE WITH EASE

Increase driver accountability & Save money

FLEXIBLE, INTUITIVE & SAVINGS FOCUSED

A cab-based tablet can do more than power Student Ridership and Navigation. It can also improve your fleet's payroll system.

School bus fleets across North America are using the Time & Attendance tool to streamline payroll , improve driver accountability and save money on administration and pay.

Because fleet intelligence is far more than GPS tracking.

SMARTER DRIVER
Management

Synovia's Driver Time and Attendance allows drivers to clock in at the bus, check their schedules, and receive real-time updates on their routes, all on an easy-to-use touch screen interface.

An intuitive, flexible, cloud-based solution designed to optimize fleet operations and driver management

Accurate, Secure and Seamless Integration

Record employee hours from the bus and store data in an easy-to-navigate, web-based interface. Search filters and advanced reporting deliver a smarter management tool.

Less Administration Equals More Time to Improve Fleet Ops

Manage different pay rates seamlessly, even between a single employee working different tasks or overtime. Reduce paperwork and redundancy to reclaim precious work hours.

Pay for Hours Driven: Pay for Performance

The work day starts when the drivers checks in to their bus. Fleets report significant savings by decreasing pay for non-essential time spent prior to and after route responsibilities.

Identify Trends Rapidly for Smarter Driver Coaching

When you integrate Driver Time and Attendance with a Synovia Fleet Intelligence solution, managers improve performance by identifying driving patterns quickly to see which drivers are meeting their goals and which drivers require coaching.
